Rules of the Road

Driver Safety at the Lab

Driving at the Lab is a privilege and you are responsible for driving safely by obeying traffic laws. Keep these essential safety guidelines in mind as you drive onsite:

Obey the Speed Limit
The speed limit onsite is 15 mph unless otherwise posted.

Stay Alert for Hazards
Watch for pedestrians and wildlife. Don't drive distracted.

Stop and Yield
Stop fully at stop signs and yield to pedestrians.

Never Pass Shuttles
Do not pass shuttles at any time.

Exercise Caution While in Reverse
Back up slowly and watch for other vehicles.

Protect Cyclists
Maintain a safe distance from cyclists and motorcycles.

Individuals found to be in violation of the lab's safe driving policy and/or California vehicle codes will receive a Notice of Violation, may have driving privileges suspended or revoked, and may receive further corrective action.
